PROFESSIONAL SUMMARY

Software Engineering graduate and former intern with hands-on experience designing and building secure, database-driven web applications from concept to deployment. Delivered a Finance File Management System for a university ICT Directorate and an e-Immunization registry with automated SMS reminders. Proficient in JavaScript, React and Node.js, with a solid grounding in full-stack development and secure software engineering practices. Motivated by solving real-world problems through clean, scalable software with meaningful social impact.

EDUCATION

Bachelor of Science in Software Engineering 10/2021 – 06/2026

Wolkite University, Wolkite, Ethiopia *Graduated June 2026*

PROFESSIONAL EXPERIENCE

Software Engineering Intern Wolkite University – ICT Directorate

Wolkite, Ethiopia

- Developed the Finance File Management System, digitising the directorate's document handling to make records secure, searchable and quick to retrieve.
- Designed and implemented an end-to-end database workflow, including data modelling, access control and validation, to protect sensitive financial records.
- Worked with ICT staff to gather requirements, test the system with real users and resolve issues before hand-over.

PROJECTS

E-Immunization Platform

- Built a web-based registry that digitally tracks child vaccination records and sends automated SMS reminders to caregivers, aimed at reducing vaccine default rates.
- Covers the full workflow from registration and scheduling through reminder delivery and follow-up reporting.

Finance File Management System Internship project – Wolkite University ICT Directorate

- Role-based document management system for secure upload, categorisation, search and retrieval of finance records.

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, C++

Frontend: HTML, CSS, React, Tailwind CSS

Backend & Databases: Node.js, Database design & management (SQL, NoSQL)

Tools: Git & version control

LEADERSHIP & VOLUNTEERING

- Food Affairs Head, Wolkite University Students' Union — represented students on food-service matters between the union and the university administration.
- Volunteer Teacher, SNNPRS Women, Children and Youth Affairs — provided voluntary teaching support for young learners in the community.

CERTIFICATIONS & LANGUAGES

Certification: National Voluntary Community Service – certified participant

Languages: Amharic (Native) • English (Fluent, professional working proficiency)
