

TEBIBU SOLOMON MULUGETA

Software Engineering Graduate | Software Engineer
0909264423 • Solomontebibu1420@gmail.com • Addis Ababa, Ethiopia
Ethiopian • Male • Date of Birth: 06/07/2003

PROFESSIONAL SUMMARY

Software engineering graduate software engineering intern with hands-on experience building secure, database-driven web applications end to end — including a Finance File Management System for a university ICT directorate and a web-based e-immunization registry with automated SMS reminders. Comfortable across the stack with , JavaScript, Node.js, React and NoSQL databases. Motivated by problems where clean engineering has a visible social impact.

EDUCATION

Bachelor of degree in Software Engineering

10/2021 – 06/2026

Wolkite University

Wolkite, Ethiopia

PROFESSIONAL EXPERIENCE

Software Engineering Intern

Wolkite University – ICT Directorate

Wolkite, Ethiopia

- Developed the Finance File Management System, digitising the directorate's document handling to make records secure, searchable and quick to retrieve.
- Designed and implemented end-to-end database workflow, including data modelling, access control and validation, to protect sensitive financial records.
- Worked with ICT staff to gather requirements, test the system with real users and resolve issues before hand-over.

PROJECTS

E-Immunization Platform

- Built a web-based registry that digitally tracks child vaccination records and sends automated SMS reminders to caregivers, aimed at reducing vaccine default rates.
- Covers the full workflow from registration and scheduling through reminder delivery and follow-up reporting.

Finance File Management System

- Role-based document management system for secure upload, categorisation, search and retrieval of finance records.

SKILLS

TECHNICAL SKILLS

- Web development (HTML, CSS, JavaScript)
- React, Tailwind CSS
- Node.js
- Python, Java, C++
- Database design & management (SQL)
- Network configuration (CCNA level)
- Git & version control

SOFT SKILLS

- Strong verbal & written communication
- Teamwork and collaboration
- Analytical thinking
- Problem solving
- Creativity
- Time management
- Leadership & adaptability

CERTIFICATIONS & LANGUAGES

CERTIFICATIONS

- WKU Ict
- National Voluntary Community Service – certified

LANGUAGES

Amharic — Native
English — Fluent (professional working proficiency)

LEADERSHIP & VOLUNTEERING

- Food Affairs Head, Wolkite University Students' Union — represented students on food-service matters between the union and university administration.
- Volunteer Teacher, SNNPRS Women, Children and Youth Affairs — voluntary teaching support for young learners in the community.
- Certified participant, National Voluntary Community Service programme.
